Clermont-Ferrand, le 21 mai 2007

As head of the French Air Force NDT Group (EETCND), I certify that the M2M Multi2000 phased-array system, manufactured by the M2M Company and distributed in North America by BERCLI, LLC, is used by the French Air Force for inspection of Mirage 2000 jet fighters. The M2M system was chosen for its capability and performance, following a joint evaluation study performed with DASSAULT AVIATION.

Le commandant Laurent Lafontaine
Chief, NDT Group (EETCND)
French Air Force
